Beskrivning

Författare: Laurits Thomas Rasmussen.

Det moderne bibliotek og kulturhus er et vigtigt aktiv for ethvert lokalområde. De mobile biblioteker er i særdeleshed vigtige da de når ud til en del af de udkantsområderne som de faste filialer ikke helt når. Specielt lande som Norge og Sverige med deres store afstande, er de mobile biblioteker virkelig bibliotekets front ud mod alle de borgere / brugere som lever ude i bygder og tettstederne, som ellers ikke ville have så stor mulighed for at opleve og ikke mindst benytte sig af biblioteksfunktionen. Det mobile bibliotek er ikke bare en stor bogkasse på hjul med WI-FI og PC-løsninger. Her er stærke faglige kompetencer, ressourcer og service en stor del af den samlede pakke. Her kommer hele biblioteksfunktionen med ud til borgeren. Her er det mobile biblioteks- og kulturmødested i lokalsamfundet og det mærkes ude i lokalområderne, hvor borgerne er særdeles glade for deres bogbus / mobile biblioteksløsning. Mange steder har bogbusserne/de mobile biblioteker langt større antal besøgende og udlån end deres faste filialer - så tallene taler helt for sig selv. Det er vigtigt at biblioteker, LAG og ildsjæle fra lokalområderne er aktive i forhold til at "sidde på skødet af deres borgmester" - altså være gode til at fortælle lokalpolitikere og biblioteksledelserne hvor fantastiske disse mobile biblioteker er for lige præcis deres lokalområde. Der er noget der tyder på at bogbusserne/de mobile biblioteker er i en rivende udvikling der gør at de ikke sådan lige dør hen. Der er mange forskellige typer / arter af bogbusser/mobile biblioteker men generelt skelnes mellem en bogbus og en bogbille. Begge udgaver af de mobile biblioteker færdes i de vilde norske og svenske landeveje og de kan ikke sådan lige udryddes, for de er meget stærke, seje og klar på forandring. Endvidere besidder de stærke kompetencer der gør dem nærmest

udødelige.
