Beskrivning

Författare: Nigel Musk.

NYHET!

Steps är vårt nya läromedel i engelska för år 3–6. Det är ett roligt och kreativt läromedel som är enkelt att använda i klassrummet.

Steps utgår från dagens elever, som ju faktiskt inte är riktiga nybörjare när de kommer till skolan. Engelska finns hela tiden i deras omgivning – teve, bio, dataspel, musik, m m – och därför innehåller *Steps* redan från början många autentiska inslag.

Författare är Nigel Musk, engelsman som undervisar blivande lärare vid högskolan i Linköping, samt Karin Wessman, erfaren mellanstadielärare, som under flera år har arbetat med elevplanerad undervisning.

Strukturen i Steps

I *Coursebook* finns alla texter och muntliga övningar och i *Activity Book* finns de skriftliga övningarna. Sidorna i *Activity Book* är perforerade så att man kan riva ut de uppgifter man vill spara i sin portfolio.

Steps är indelad i stora teman, som i sin tur är indelade i mindre avsnitt. Det finns tre övergripande mål:

- *English Words*
- *Using English*

- *Learning to Learn*

Dessutom finns ett gult mål, *Culture*

Varje avsnitt inleds med en målformulering. I slutet av avsnittet finns en utvärderingsuppgift. När eleven har gjort utvärderingsuppgiften går han/hon till omslagets insidor i *Activity Book* och färglägger det fotsår (*step*) som motsvarar målet. På det sättet kan man tydligt se hur inläringen framskrider.

Varje tema avslutas med ett projekt, som är mycket tydligt strukturerat, från planering till utvärdering. Här finns möjlighet för eleven att arbeta på sin nivå. Duktiga elever producerar mycket och svagare elever producerar mindre, men alla arbetar med samma projekt. Projektet leder alltid fram till en produkt – t ex en affisch, en ordlista, ett memoryspel.

Uttal – fonetik

Hur gör man för att träna uttal och fonetik? I de första *Steps*- böckerna finns återkommande uttalsramsor med det aktuella fonetiska tecknet så att eleverna vänjer sig vid "fonetikspråket".

Uttalsramsorna "rappas" i en dialog mellan lärare och elever. Dessa rap-ramsor finns i *Teacher's Book* och också inspelade på cd:n.

Grammatik

I *Steps* nöts grammatiska strukturer in utan att de grammatiska termerna används. Forskning har visat att det inte är meningsfullt att ge unga inlärare strukturerad grammatikträning på en abstrakt nivå.

För den som vill arbeta med grammatikträning med grammatiska begrepp finns övningar i *Teacher's Book*.

Teacher's Book

Teacher's Book är mycket detaljerad och innehåller lektionsplaneringar, basövningsövningar, grammatikövningar och extraövningar. Här finns också information om olika engelska företeelser, kommentarer om uttal m m.

Skolorna har stor frihet att fördela antalet lektioner under de olika åren. Därför finns det i *Teacher's Book* förslag på övningar man kan hoppa över om man inte hinner med allt och även extraövningar för den som har många veckotimmar.
