Beskrivning

Författare: Mattias Elftorp.

Pirate is an information addict. When he receives a cry for help: 'Information wants to be free', he has to find out what it means. Only problem is that the infopolice are hot on his trail, so he has to run and avoid falling in the same trap that Information did. Piracy is liberation is set in the far future. After the apocalypse came true (not necessarily the biblical one, but the one that it was an interpretation of), the world and humankind has restarted. They are still taking their first steps, but unsure of what direction to go. The old world is dead, long live the new flesh! Third printing of book 001 of the series.
