Författare: .

"The Real Swede - svenska jazzklassiker" är en svensk motsvarighet till den amerikanska "The Real Book" vilken svenska musiker och jazzintresserade främst varit hänvisade till då det gällt att finna jazzklassiker "på noter". Den erkänt högkvalitativa svenska jazzmusiken har dock hittills inte varit lika lättillgänglig. KMH Förlagets ambition med "The Real Swede" är att bryta denna trend. "The Real Swede" innehåller 262 låtar från olika tid och genre - en del först nu nedtecknade. Här finns kompositörer från hela Sverige representerade. "The Real Swede" innehåller dock inte bara favoriter utan presenterar ett brett urval av dagens svenska jazzmusik.
